

## **SILVERMINE STONE adds Distributor Tri-State Forest Products, Inc.**

*Partnership will further accelerate the growth of Silvermine Stone in the Midwest*

**EAU CLAIRE, Wisconsin (May 18, 2021)** – Tri-State Forest Products, based in Springfield, OH, is the newest distributor of Silvermine Stone. A well-respected and trusted distributor of building materials, Tri-State Forest Products will distribute the fast-growing brand of mortarless stone veneer to its dealer customers in Michigan, Indiana, Ohio, Kentucky, and Tennessee.

Silvermine Stone, the first brand of mortarless stone veneer, has been rapidly growing in the market since the launch of the Belterra Collection in 2020. “We are excited to see the growth of Silvermine Stone carry into the midwestern states through Tri-State Forest Products.” said Mike Borom, CEO of Silvermine Stone “For over 30 years Tri-State Forest Products has built an outstanding reputation among its customers for service, support, and education. Having the Tri-State team behind the product will increase the awareness and growth of Silvermine Stone.”

Silvermine Stone is a mortarless stone siding that allows builders, contractors, architects, and homeowners to select a stone veneer for a variety of construction projects without the challenges associated with a mortar applied stone. Silvermine Stone combines the looks of real stone with a simple installation process while uniquely protecting a building’s substrate from moisture.

“Silvermine Stone is a stand-alone product when it comes to mechanically fastened stone products. It offers moisture protection, looks great and is easy to install,” said Tri-State Forest Products President Rob Latham. “We believe Silvermine Stone offers a differentiated story and is an excellent option for our customers to grow their business.”

### **Tri-State Forest Products**

Tri-State Forest Products, Inc. is a comprehensive full line wholesale distributor of commodities and building products, specializing in engineered wood products. For over 30 years Tri-State has been providing focused personal service accompanied with high quality products to the market. Branches are located in Springfield, OH, Perrysburg (Toledo) Ohio, Indianapolis, IN, Edwardsburg, MI, Saginaw, MI, Gaylord, MI, Lexington (Lawrenceburg), KY, Milan, TN and a satellite location in Grand Rapids, MI approaching 600,000 square feet of combined warehouse space.

## **About Silvermine Stone**

Silvermine Stone created the mortarless stone veneer category of siding products when it was invented by a mason who was seeking to simplify the installation of manufactured stone veneer products. Manufactured in Eau Claire, Wisconsin, Silvermine's products feature a patented flashing and hanging system that allows for a simple installation while solving the moisture related challenges that plague other stone veneer installations.
