NEW COLOR!

SILVERMINE®

Belterra® Collection

1 EASY INSTALLATION

- Flat rectangles (no tabs or grooves to align)
- Fast corners (pre-cut & laid out)

Learn More about Installation

Learn More about Moisture Protection

2 MOISTURE PROTECTION

- Only brand of mortarless stone that keeps moisture away from the wall structure using a patented flashing system
- This patented system provides 8” of flashing per stone panel, protecting the home from moisture damage, mold, mildew, and the effects of freezing/thawing.

3 REAL STONE AESTHETICS

- Silvermine Stone® launched the Belterra Collection in 2020, featuring a realistic ledge stone appearance available in 6 popular colors
- Over 50 unique panel designs, cast from CNC milled master panels to ensure quality and precision
- High definition coloring that is cast into the stone with tinted batch coloring
